Environment Grants list

Grants approved over £20,000

Organisation	Amount (£)		Amount (£)		Amount (£)
Association of Rivers Trusts	40,000	Towards core funding over two years to bring initiatives together to restore and protect river ecosystems in England, Wales and Northern Ireland by supporting local community river initiatives and providing guidance to new and emerging river trusts.	Ecotrust	46,500	Towards salaries and other expenses over nineteen months associated with research and outreach activities conducted by the UK partners to fulfil, evaluate and compare the major lifecycle environmental and social impacts associated with the production of farmed and wild-caught salmon for human consumption.
British Dragonfly Society	75,000	Towards the salaries and costs over three years of a database officer and a conservation officer to continue conservation work, achieve a long-term sustainable programme of volunteer recording activities and data on dragonflies and their habitats.	Eden Rivers Trust	72,846	Towards the salary of a part-time fisheries biologist over three years to naturally increase and sustain the wild trout population in the River Eden by undertaking investigation, implementing practical work, monitoring effects and disseminating best practice.
Bumblebee Conservation Trust	97,000	Towards a conservation officer over three years to engage in outreach work with schools, farmers, land managers and nature reserve wardens to promote awareness of the plight of British Bumblebees and encourage changes in land management practices to prevent further declines in bumblebee populations.	Environmental Law Foundation	105,000	Towards an enhanced advice and referral service over three years to provide a service linking together people who need legal advice on environmental issues, to a network of lawyers and consultants who provide free advice.
Carbon Disclosure Project Ltd	90,900	Towards the salary of a chief financial officer and assistant to the executive team to support improved disclosure, reduce carbon emissions from the corporate sector and strengthen CDP as an organisation.	European Federation for Transport and Environment	47,140	Towards buying and analysing industry sales data over two years and publicising progress made by major carmakers to improve fuel economy and to campaign for legally-binding fuel economy standards in order to reduce CO2 emissions from cars.
ClientEarth	75,000	Towards the salary and related expenses of a lawyer over three years to carry out work on environmental policy law to promote robust environmental laws and ensure their just administration.	Fairshare Educational Foundation	74,000	Towards core costs over three years to work with the UK's £860 billion pension fund sector and the £7 trillion fund management sector in social and environmental issues.
Council for National Parks	30,334	Towards specialist expertise in membership development, to improve the organisation's communication tools and to pilot a membership development strategy to ensure the long term sustainability of the organisation.	Farming & Wildlife Advisory Group (FAWG)	70,000	Towards staff costs over two years to continue to develop FWAG's services for farmers and landowners and to assist Northern Ireland farmers to deliver biodiversity gain and environmental improvement for their farms and the wider environment.
Cumbria Biodiversity Partnership	105,000	Towards the salary of an ecologist and an advisor over three years to protect and improve the condition of hay meadows in Cumbria.	Flora Locale	151,254	Towards the salary of a project officer over three years to promote restoration of wild flower grasslands (wild meadows).
Derbyshire Wildlife Trust	28,000	Towards the salary of a project manager and the costs of developing a pilot local grazing scheme, seed supply scheme, landowner liaison work, supporting volunteers and to stop the loss of wildflower meadows by developing innovative ways of helping landowners to manage their meadows positively and gain economic benefit from them.	Forest Peoples Programme	40,730	Towards the costs of the Shrink Project co-ordinator over two years, to engage with 20 major UK companies to motivate and assist substantial reductions in paper use.
Ecological Continuity Trust	40,000	Towards fundraising support and start up costs to set the new organisation on a secure institutional base for long-term ecological experiments in the UK.	GM Freeze	70,000	Towards staff and running costs over two years to ensure that sustainable development is at the heart of decision making about the use of GM technology in food and farming.
			IPPR	86,500	Towards the costs of conducting the research, including commissioning papers, a deliberative forum, interviews, staff and publication costs to assess whether the Government should seek the adoption of personal carbon trading to reduce the UK's carbon dioxide emissions; and, if so, how?
			Lancashire Wildlife Trust	49,023	Towards the costs over three years of the Northwest Lowland Water Vole Project, which aims to protect existing populations of water vole, develop habitat corridors and control predation of this threatened species throughout Lancashire.
			Lincolnshire Wildlife Trust	62,499	Towards a part-time environmental land management officer over three years to guide and encourage farmers in priority areas to support the preservation and re-creation of endangered grazing marshes in coastal Lincolnshire and to conserve, restore and re-create coastal grazing marsh.
			London Cycling Campaign Ltd	67,500	Towards the development costs over three years associated with the organisational improvement projects, with a contribution to the staff costs, to promote cycling in Greater London.
			Norfolk Wildlife Trust	90,000	Towards the salary of a new post and associated costs for a project officer over three years to recreate 70 hectares of core heathland on a former conifer plantation, contributing to Biodiversity Action Plan targets as part of Norfolk's ecological network.
			North Pennines AONB Partnership	132,000	Towards the costs of blocking 80km of peatland grips for the positive impact on biodiversity and hydrology in the area to restore priority habitat areas and reduce carbon emissions.
			Open University	126,999	Towards revised management plans, and production of a practical handbook to conserve and enhance the UK's remaining floodplain meadows through a better understanding of the processes that sustain them.
			Policy Studies Institute	432,810	Towards staff and associated costs over twenty-seven months of a green tax commission for the UK large-scale introduction of green taxation.
			Population and Sustainability Network	30,000	Towards the salary of a part-time project officer over two years to introduce greater rigour to the organisation's advocacy and communication work, in order to increase effectiveness and reach.
			Porcupine Marine Natural History Society	109,128	Towards the costs of four scientists' research over 28 months; to promote conservation of deep sea biodiversity by developing practical solutions that improve sustainability of fishing and other human uses of deep sea regions.
			Scottish Environment LINK	93,000	Towards the salaries and associated costs over two years of two Marine Bill orientated posts to help deliver a fit-for-purpose marine bill for Scotland, including marine spatial planning and proper protection for marine life.
